TO WHOM SO EVER IT MAY CONCERN

This is to certify that 'IGUS' make Energy Chain System (cable drag chain) supplied by M/s Thyssenkrupp for Stacker - III of OHC in the year 2003 & by Zenith Engineers, Vsp for BWR-II of OHC in the year 2005 and were erected and commissioned by IGUS Engineers. Both the chains are operating for +/- 180 degrees in radial motion.

The said systems are working satisfactorily till to date and the service support from M/s IGUS team is also good.
